VPCL232FX/W

As you'd expect from Sony, the new VAIO® L Series all-in-one delivers incredible Full HD entertainment via an expansive, LED-backlit, 24" (diag.) touchscreen LCD. For a truly unique experience, the L Series features Edge Access™ technology—a touchable area that extends beyond the screen to the black outer bezel of the display to help you save time on everyday tasks like flipping back to a previous web page, closing a window, zooming in on a photo and more.

POWER YOU CAN FEEL.

As the first level of Intel's latest processor family with great multitasking built-in, the 2nd generation Intel® Core™ i3 processor delivers a responsive and stunning PC experience you can both see and feel. Whether you are doing HD video editing, enjoying today's graphics-intensive games, editing photos or simply cruising the web at warp speed, the VAIO® L Series won't disappoint.

Imagine what you can do

Imagination Studio™ Multimedia Edition includes three powerful Sony® applications Vegas®, ACID®, and Sound Forge® software so you can create music and movies like never before.

All-in-One space-saving design

Curb clutter in your workspace with a powerful computer that's built into the back of a stunning 24" (diag.) LED backlit display. Compact, sleek and easy-to-use, the L Series is as practical as it is stylish. Its all-in-one design concept requires only a single power cord to keep you powered, connected and in-control to ensure you'll never have a tangled mass of wires invading your foot space.

Whatever you're looking for in a multimedia masterpiece, the L Series has got it. Need a TV? Just plug in your compatible cable box or satellite receiver via the HDMI® input. Looking for a gaming hub? Same story, just plug in your PS3™ system via the HDMI input. You can even connect a second display via HDMI out (HDMI cable sold separately).

1.GHz denotes maximum microprocessor internal clock speed and may vary based on application.
4. 1 GB = one billion bytes. Actual formatted capacity will be less.
6. Allocation of system memory to graphics varies depending on operating condition, version of device driver and total system memory size.
7. Microsoft® Office Starter: reduced-functionality Word and Excel® only, with advertising. No PowerPoint® or Outlook®.
8. For some third party software, Sony provides initial support. Additional support may be available from the applicable vendor. Availability may vary by vendor.
12. Norton™ Internet Security 2012 30-day subscription is pre-installed on your Sony VAIO PC. You need to activate the software for the product to work. After your 30-days are finished, buy Norton Internet Security to continue to be protected from viruses, hackers and identify theft.
13. Availability may be limited. See limited warranty for details.
19. No system can provide absolute security under all conditions. Requires an Intel® Identity Protection Technology-enabled system, including a 2nd gen Intel® Core™ processor, enabled chipset, firmware, and software, and participating website. Consult your system manufacturer. Intel assumes no liability for lost or stolen data and/or systems or any resulting damages. For more information, visit http://ipt.intel.com.
20. Not all models applicable. Registration required. See www.sony.com/IRSP for details. Features and specifications subject to change without notice. Non-metric weights and measures are approximate.
Certain Microsoft products included with this computer may use technological measures for copy protection. IN SUCH EVENT, YOU WILL NOT BE ABLE TO USE THE PRODUCT IF YOU DO NOT FULLY COMPLY WITH THE PRODUCT ACTIVATION PROCEDURES. Product activation procedures and Microsoft's privacy policy will be detailed during initial launch of the product, or upon certain reinstallations of the software product(s) or reconfigurations of the computer and may be completed by Internet or telephone (toll charges may apply).
This product meets the standards of the International Energy Star Program for energy efficiency.
